State Health
Improvement Plan

Priority Area Workgroups (PAWs)

Priority Area Workgroups

- Priority Area Workgroup (PAW) members identify, monitor and report on goals and objectives for the priority areas selected by the Steering Committee
- The PAWs serve as the operational component for engaging cross-sector collaborators in efforts to address the priorities, goals and objectives
- PAW members serve throughout the duration of the State Health Improvement Plan

Priority Area Workgroups

Member roles and responsibilities include:

- Developing goals and objectives for each priority area
- Creating implementation plans to drive action
- Monitoring and providing quarterly progress updates on activities
- Submitting an annual progress report with suggested revisions for review and approval by the Steering Committee
- Serving as champions for the State Health Improvement Plan by increasing awareness and engagement throughout their networks

Example: Goals and Objectives

Priority Area: Injury, Safety and Violence

Goal: Reduce unintentional injuries

Objectives:

- By December 31, 2026, reduce the number of falls-related hospitalizations from XX per 100,000 population to YY per 100,000 population.
- By December 31, 2026, reduce the number of drowning fatalities from XX to YY.
